COMPOUND EXTRACT OF

SARSAPARILLA!

Wonder and blessing of the Age!

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in quart bottles; it is sist times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, that while it eradicates the discease, it invigorates the body. It is one of the very best

Shitthville Mail, by Steamer, is due daily at 8 A. M., and closes at 9½ P. M. every day.

TAYLOR'S BEIDGE, LONG CREEK, MOGRE'S CREEK, BLACK RIVER CRAPEL, and HARBELL'S STORE MAIL, is due every Thursday at 6 P. M., and closes same night at 10.

Onslow Mail. Via lopssii Sound, Stump Sound Seesevery Thursday night at 10 P. M.

Sheed's Ferry, Jacksonville to Richlands, and returns via Bannerman's, is due every Monday at 4 P. M., and closes severy Monday at 4 P. M., and closes every Monday at 4 P. M., and closes every Thursday night at 10 P. M.

BEN EN EN CENCER OF CONSUMER CREEK of the limbs, and strength to the muscular general playsical prostration of the nervous system, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any Invigorates the entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any Invigorates the entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any Invigoration continued to the limbs, and strength to the muscular sense the limbs and strength to the muscular sense the limbs and strength to the muscular se SPRING & SUMMER MEDICINES

dial. As it renews and invigorates the system, gives scivity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Curren.—Cleanse and Strengthen. Consumption Curren.—Cleanse and Strengthen. Consumption can be cured. Breathitis, Consumption, Liver Complaint, Colds, Catarrh. Coughs. Asthma, Spitting of Blood, Soreness in the Chest. Hectic Flush, Night Sucats, Difficult or Profuse Expectoration, Pain in the Side, 4c., have been and can be cured.

Spitting Blood.

New York, April 28, 1847.

Dr. Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quanties of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought is me I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant,

WM RUSSELL, 65 Catherines.

Rheumatism—This is only one of more than four thousand cuses of rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly cradicated by its extraordinary virtues

James Cummings, Esq., one of the assistants in the

tues
James Cummings, Esq., one of the assistants in the
Lunatic Asylum, Blackwell's Island, is the gentleman
spoken of in the following letter:
Blackwell's Island, Sept. 14, 1847.
Dr. Townsend: Dear Sir—I have suffered terribly for

Blockend's Island, Sept. 14, 1817.

Dr. Townsend: Dear Sir—I have suffered terribly for nine years with rheumatism; considerable of the time I could not eat, sieep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, & they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours, respectfully, JAS. CUMMINGS.

Fits: Fits: Fits: Dr. Townsend, not having tested his Sarsaparilla in case of Fits, of course never recommended it, and was surprised to receive the following from an irtelligent and respectable Farmer in Weschester county: Fordam, August 13, 1847

Dr. Townsend: Dear Sir—I have a little girl seven years of age, who has been several years afflicted with Fits: we tried almost every thing for her, but without success; at last, although we could find no recommendation in our circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours, respectfully, JOHN BU! LER, jr.

Female Mediciae. Dr. Townsend's Sarparilla is a sovereign and speedy cure for Incipent Consumption, barrenness, prolapsus Uteri, costiveness, piles, leucorrhæa, and for the general prostration of the female system—no matter whether the result of inherent cases or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all wakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately conneracts the nervelessness of the female frame, which is the great cause of barrenness. It will not be expected of us, in cases of so delicate a nature, to

ference to female complaints. Indeed this medicine is invaluable for all the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical pararticle parartics was he expected. surgical operations may be prevented.
Great blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attending upon child-birth ever discovered. The great beauty of this medicine is, it is always safe, and the most delicate ise it most successfully.

Beauty & Health. Cosmetics, chalk, and a va riety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in s-aps, beauty.

the skin inflamed by the alkalies used in s-aps, beautifies its own production in the "human face Divine,"
as well as in the garden of rich and delicately tinted
and variegated flowers. A free, active and healthy cirg
culation of the fluids of the coursing of the pure, rich
blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which
imparts the indescribable shades and flushes of lovelitens the tall desires by tensor and secreb. This beau-I the subscriber has resumed the duties of his profession, and will be found at his office on the corner of Second and Princess streets, Nixon's basement.

EDW'D CANTW ELL.

Wilmington, N. C., March 24, 1848.

to the cheeks, and a brilliancy to the eyes that is lastinating.

This is why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station, crowd our office daily.

Notice to the Ladies. Those that imitate Dr. Notice to the Ladies. Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a great Remedy for Females, &c. 4c., and have copied our bills and circulars which relates to the complain's of women, word for word—other men who put up medicine, have, since the great success of Dr. Town send's Sarsaparilla in complaints incident to females, recommended theirs, although prevously they did not. A number of these Mixtures, Pills, 4c., are injurious to females, as they aggravate disease, and undermine the constitution

he constitution
Scrofula Cured. This certificate conclusively proves that this Sarsaparilia has perfect control over the most obstinate diseases of the Blood Three per sons cured in one house is unprecedented.

Three Children.

Albany. April 1, 1847. P. E. ELMENDORF, M. D. Cautten. Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Vellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements. They are only worthless imitations, and should be avoided.

FRESH BEEF! MUTTON! &c. &c.

JAMES PETTEWAY, respectfully announces to the citizens of Wilmington, that he will resume the BUTCHERING BUSINESS in said town on or about the 10th of October next. Rand says he was nound to 30 w. W. We will be dealt in the description for their opponents was the triumph of brethren and not of foes; and that a factious opposition now will bring them in conflict with that "fundamental and vital principle of republicanism, an absolute acquiescence the property of the recent Presidential election, that the triumph of foes; and that a factious opposition now will bring the recent Presidential election, that the triumph of foes; and that a factious opposition now will bring the recent Presidential election, that the triumph of foes; and that a factious opposition now will bring the recent Presidential election, that the triumph of foes; and that a factious opposition now will bring the recent Presidential election now will bring the recent Presidential election, that the triumph of foes; and that a factious opposition now will bring the recent Presidential election, that the triumph of foes; and that a factious opposition now will bring the recent Presidential election, that the triumph of foes; and that a factious opposition now will be dealt in the description of the majority. charges and take him away, or he will be dealt in the descisions of the majority." And let it be borne in mind by the successful Party, that with us the law directs. it was a contest for Principles and not for the pairry rewards and trappings of office. That our political opponents are not to be regarded as a conquered enemy to be crushed beneath the heel of power—but as countryman bound np in the same destiny with ourselves—joint iriheritors and owners of a comm of government—copartiers in the same great charter that guarantees justice and equal rights to all—in a word, Our Fellow Citizens.

In the important prerogative of Legislation the Executive branch of our State Government is whol-

ly excluded.

Our early history exhibits on every page, the clearest evidence that no Colony under the don, inion of the Mother Country was misgoverned and oppressed to an equal extent with North Carolina.—Hence, as a natural consequence, no one of our State Constitu-tions furnishes such marked proof of the jealously of Executive nower. The Governor possesses neither an initiatory nor veto authority in legislation—and the more privilege of recommendation has been as-sumed and sanctioned by usage, in imitation of the course under the Federal Constitution, rather than derived from any provisions in our own.
I may be allowed, however, to remind I may be allowed, however, to remind your nonorable body, that the very object and purpose for which our constituents have clothed you with the law-maj ming power is, that you will exercise it for their good—for the improvement of their condition, intellectual and physical;—for the development of the resources of the State; the increase of her revenue commensurate with the wants of the Treasury and the maintenance of the public credit;—for perfecting the systim of Education among the people, and ex-

The maintenance of the public of the maintenance of the public of the maintenance of the public of the systim of Education among the people, and extending all prudent und practical belg in aid of the agricultural, manufacturing, and commercial interests of our State.

To stand still amidst the improvements which agricultural amidst the improvements and the improvements and the improvements are also an agricultural amidst the improvements and the improvements are also an agricultural amidst the improvements and the improvements are also an agricultural amidst the improvements and the improvements are also an agricultural amidst the improvement and the improv

Mr. Burt in the chair and took up the bill for establishing a Board of Commissioners to settle private claims against the government.

WEDNESDAY, Jan. 3, 1849. The bill from the House for establishing Board of Commissioners, to examine into private claims against the Government of the U

States, was referred to the committee on Fi-Mr. Dodge introduced, by leave, a joint resolution, granting to officers, non commissioned officers, privates and musicians, in the war with Mexico, three months extra pay, which was referred to the committee, on Military

Affairs. The consideration of Private business next occupied the Senate for a brief period, and they then went into Executive session, and ered in the vote on the Pacheco bill, and he after spending about three hours therein, re- desired to make a motion that the journal be opened the doors and adjourned.

HOUSE OF REPRESENTATIVES. A large number of petitions were presented nd reports made from the standing committees. Mr. C. B. Smith, from the committee on l'erritories, reported a bill providing a territorial government for New Mexico, fixing the boundaries, and excluding slavery therefrom. Mr Pillsbury from the minority of the comnit'ee, presented a counter report, protesting against the dismemberment of Mexico.

Mr Rockwell, of Mass., to whom the subup the bill to incorporate the North Carolina ject had been referred, made a report adverse Railroad Company, and for other purposes .- to the subject referred to the committee of government for the Mormons at Salt Lake. A resolution formerly offered by Mr Greeley

millions" and insert "three," so as to make came up. It called upon the Sec retary of the Treasurer to communicate to the House, the considerations of equity or public policy which justify the assessment by the Tariff of 1846 on woollen blankets, flannels, baizes, eral other descriptions of imported manufactures, of rates of duty 5 to 10 per cent, lower than are chaged on the principal raw material from which they are respectively fabricabill to the House, with the amendments, which | ted; and if the same he not justified as afore said, what action of Congress in relation there

to is deemed by him desirable Mr Wentworth objected to the resolution and after some dehate the resolution was laid

The message of the President, justifying the levying of Taxes in the ports of Mexico was then read, and referred to a committee of nine and the message ordered to be brinted. Adiourned.

THURSDAY, Jan. 4. Memorials and petitions were presented by Messrs Dickinson, Dix, and Cameron. latter presente i several from Pennsylvania for the repeal of the present tariff.

On motion of Mr Atherton, the bill of last session, requiring the payment, immediately into the Treasury, without abatement or de Mr Mehane announced to the House the them was one by Mr Ferebee to provide for duction, of the public monies collected, was arrival of Hamilton C Jones, member from the establishment of a Medical Board in North referred to the finance committee for amend-

Mr Badger's resolution to reconsider the vote by which the bill for the relief of John P. Baldwin was rejected, was taken up and after a short debate, the motion to reconside prevailed, and the bill passed over informally The Senate then went into the consideration

HOUSE OF REPRESENTATIVES. The Speaker appointed the following gen tlemen as the Committee on the President's message, relative to levying taxes in the ports name of Jacob or Yaupy, as the Dutch Judicial District, and the Courts of Pleas and of Mexico-Toombs, of Georgia, chairman, Duer, of New York, C. J. Ingersoll, of Pennsylvania, Stanton, of Tennessee, Botts, of Vir ginia, Venable, of North Carolina, Collamer. lotte and Danville Railroad Company, was 2d Section of the 67th Chapter of Revised of Vermont, McClernand, of Illinois, and Garnett Duncan, of Ohio.

Several bills from the Senate, lying on the Speaker's table, were read a first and second time and appropriately referred; and amendments made by the Senate to several unimportant House bills were concurred in.

The joint resolution from the Senate, restoing the rate of mileage (25 cents) to the messengers appointed to convey the Electoral votes for President and Vice President to Washington, was taken up and passed, 113 to 64. Some unimportant business was disposed

of after which the bill from the Senate to extend the charter of the Washington, Georgetown and Alexandria Steampacket Company was taken up. Amendments were proposed, by Mr Jones. of Tennessee, to make the stockholders, indiidually, responsible, and by Mr Nicoll, of

double the amount of the stock held by each, but both were rejected. Before any final vote had been taken on the Spring Tent, No. 180, I. O. of R., in the town bill, the hour of two arrived, and the House adjourned.

WILMINGTON JOURNAL.

Friday, January 19, 1849. HONOR TO THE BRAVE!

On Monday last, we had the pleasure of have taken place, came up in order, the queswitnessing the presentation of a sword to Lt. Col. Gaston Meares, late of the Arkansas Cavlaying the resolution on the table.

Mr Johnson, of La., moved to take up the alry, by the citizens of this his native place. private calendar, and a short time having been William Hill, Esq., officiated on the occasion spent therein, the Senate adjourned over to and in an eloquent and stirring address, com- Department of State, and the American Min- tern people, and it will, in all probability, pass municated to Col. Meares the expressions of ion, and confirmed the nomination of Lewis regard with which he was universally regarded by the citizens of this place. The orator gracefully alluded to the occasion as one of high interest. Still almost in the first blush of manhood, him whose gallantry and patriottee of the whole, Mr Burt in the chair, and resumed the consideration of the bill " to pro- ism they had met to honor, had left his hirthvide for the settlement of claims against the place a few years since to seek fame and for- tion, that the laws of the country are entitled name of Watauga, introduced by Col. Bower, tune in the Valley of the great West. The to respect, and for the breach of them foreign. has passed the Senate; and also its second three commissioners, to be appointed by the war came, and the gallant young "Cape Fear ers are amenable. But Mr. Bergen, it was in-President, with the advice and consent of the soldier," as Mr. Hill very happily termed him, Senate, at a salary to each of \$3,500 per aned to the standard of their country. His was no mere excursion for popularity-patriotism with him, was not satisfied with the mere capacity to boast that he had been in the enemy's country, and within sound of his cannon. The period for which he engaged to serve! The correspondence connected with this having expired, he again volunteered to susand did not resign his sword until peace was accomplished. The orator alluded in feliciequired by acts passed 1704, 1830, 1842, and tous terms to the day, as associated with the by resolution of Dec. 1848. Also, a commumemory of Jackson, and took occasion to pay ication from the Navy Department in reply a well-merited tribute to the virtues of the deto resolutions of the House, calling for stateparted, in his various military and civil capaments in regard to the naval force employed n the North West Coast during the war with cities. his has been amidst war and its triumphs.

And now, Colonel, in delivering you this Sword, I would fain express to you the pleasure it affords us, to see you thus safe and honored amongst us. While another of our brave townsmen-the lamented Capt. Burgwin-was called ty just concluded with England, a copy of upon to seal with his blood, and to testify by his which was brought over by the Europa: death, his devotion to duty and his country, you, unharmed, and yet with proud laurels upon your brow, have been permitted to return once more to the bosom of your family and friends We have eral through the politeness of Mr. Crumpton, paid the last sad rites of sepulture to him, we British Charge d'Affaires ad interim. would new, by that Sword, presented on the very spot where his eulogy was spoken, acknowledge our obligation and exhibit our pride in you.

Whenever hereafter you look upon it, we desire that the recollections it will excite may eucourage you on ward in the path of right and duty. In the warfare and struggles in which peace no less than war abounds, it will testify to you the generous rewards of a faithful discharge of your citizenship; and if again called to the field in defence of the Constitution and our glorious Union, or for the perpetuation of ou. Republican system, though the words are not inscribed on its blade, let the presiding genius of the day lead it his voice,

" Draw me not without occasion; sheathe me not without honor."

Mr. Hill having concluded, Col. Meares ter General has this day issued the annexed poke as follows :

MR. HILL: -In accepting, at your hands, this token of regard for the services rendered by me in the late Mexican war, I would fain find language | partment, that a postal freaty between the States and Great Britain has been entered into, adequate to express the grateful sentiments of my and that in pursuance thereof the British Godangers encountered, in that arduous service, still that country in the packets of the U.S., be the gratification of knowing the deep sympathy of our friends at home, always ready to succor when Department, made the 29th of June last, dicircumstances required, and the evidences of esteem manifested by them on our return, these I can assure you, will ever be grateful recollections,

never to be effaced. Rome — The special French Envoy had rehe was a second time proscribed from Franch he visited Italy in company with his brothe he was a second time proscribed from France, determination of the Pope to take refuge in Paris. A provisional government is about to but he succeeded in making his escape, and, but he succeeded in making his escape, and, visited England, and afterward returned to Switzerland, where, for two or three years, he contented himself with writing poetical and military works, which do not appear to have been extensively read. The death of the Duke his ambitious hopes His first revolutionary attempt at Strasburg, in October, 1836, completely failed, but after a short imprisonment in Paris, he was sent to this country. The illness of his mother occasioned his return the following year, and after a visit to Switzer- paid for cargo. land he took up his residence in England until his second attempt at Boulogne, in 1840 In this affiir several of his followers were killed, and he was himself taken and sentencel to imprisonment for life in the Castie of Ham. The particulars of his escape in May, 1846, after an incarceration of six years, are well known. From that time until the end of September last, when he was returned as a Deputy to the National Assembly, from the Department of the Seine, he has resided in England. A late London journal, in descri-

bing his mode of life, gives the following not very flattering account: "He was unscrupulous in contracting ob ligations which were wholly beyond his means of repayment; and his most serious pursuit was the study of alchemy, by which he expected to arrive at the discovery of the which he had fitted up as a laboratory at Camberwell, and so firm was his faith in the charber of the charber o latan empiric whom he employed to aid him in transmitting the baser metals into gold, that he is said to have actually appropriated his revenue in anticipation, and to have devoted the first milliard of his gains to the payment

of the national debt of France, in order to ac-We find the following method of curing quire thus an imperial throne by purchase!" The large majority by which he was elected a Representative astonished every one, and and as the author assures us that he has tried gave his followers the first encouragement to the plan, and that his " Aunt Betty' is never bring forth his name as a candidate for the ashamed to cook a piece of her very nice ham Presidency. # REPORT UPON THE CAPE FEAR AND DEEP RIVERS

To Messrs. Alex. MacRae, A. J. Derossett. Committee, designated by the Pittsboro' Convention held in July last, to take in charge the obtaining of a survey and estimate of the probable cost of improving the the navigation to the markets of Fayettville Upper Cape Fear and Deep Rivers, as high up as Hancock's Mill, in Moore Countu. North Carolina.

GENTLEMEN:—Having been engaged by Major Walter Gwynn, on your behalf, to make a survey of the Cape Fear and Deep Rivers, with a view to the opening of the na-vigation as high up as Hancock's Mill in Moore County, and having conpleted the reconnoizances, together with such instrumental examinations of the most difficult portions of them, as the time allowed me would permit, I have the honor herewith to report the results, including an estimate of the probable cost of a Slack Water navigation to be form ed by a succession of Locks and Dams. with occasional short Canals.

This character of improvement is admirably adapted to those rivers, as indicated by their inconsiderable fall per mile, (it being somewhat less than two feet throughout their whole length.) their consequently sluggish current, and the extensive natural pools already to be found throughout their length.

Knowing the importance to the friends of this improvement that the question should be accertained in the shortest possible time, whether such a navigation could be obtained upon these rivers, to connect with the present Steamboat navigation upon the Cape Fear at Favetteville, and with a view to expedite the work, after organizing a party and procuring a suitable boat. I began the descent of

I found Hancock's dam 12 feet high, and was told by him that it backed the water up for five miles above, with a depth of not less than 3 feet. Thence descending the river, I found a succession of small shoals, until I passed the lower end of Murchinson's Island, where I met, with the back water of Peter Evans,' Jr. dam. 21 miles from Hancock's.

From this point to Evan's Mills, a distance of ten miles, I found a splendid pool of water with a depth ranging from 3 to 9 feet, at the then low stage, which was that of low sum-

Evan's Dam has just been rebuilt upon the rafter plan, and packed in with stone, about 3 feet in height. It is 190 feet long, and leaks to some extent; it did not in consequence hold a full head of water by 11 feet; when this shall be the case by the deposit of mud and sand held in suspension by the water brought down the river, it will flow the water back to

Hancock's Mill, 12½ miles.
In Evan's Dam, a Lock will be placed of 9 feet lift, from which a boat will float directly into the back water from John Horton's mill dam, and through this fine pool of water for 61 miles to Horton's mills. The deyth of this pool, at its shoalest place, which is 200 yards below Evan's Dam, is 2 feet for a short distance, from which it immediately deepens to 5 feet and continues from 5 to 8 through-

out its length. Horton's dam is 374 feet long and 8 feet high, over which the water was flowing at the time; showing thereby a plentiful supply. It is proposed to raise this dam one foot, which can be done at a small expense, to insure 3 feet at all times back to Evan's dam, and thus supposing a lock in Hancock's dam, we find aiready formed with a small outlay, a slack

water navigation of 23 miles. From the lock in this dam a boat will float into a pond of not less than 3 feet in depth, to be formed by a dam to be erected 200 feet below Thomas Farish's fish dam. This dam will be 9 feet high, and 284 feet long, and Farish, and Peter Evans, Sen. forming one ties within its influence. continuous pool for 8 3-4 miles from Horton's

A Lock will be placed in this dam of 9 feet lift, from which a boat will float into a pool 7 1-2 miles long and not less than 3 feet depth. extending to Claig's mill dam, a short distance below the mouth of Rocky River.

As this point, the first real difficulties are encountered and it becomes necessary to leave the bed of the river for the first time in 39 1-4 miles. Nature has done much to smooth the way here, and we find a natural canal, or Sloo of 50 to 70 feet wide, which it in proposed to use for 2050 feet. It is now used as the race to Claig's mill; it will be necessary to take down Claigs river dam, which only holds water for three feet, and construct upon its site a dam 5 feet high and 1023 feet long. This dam will give sufficient depth over the shoals at the mouth of Rocky River, and above that point back to the sill of the lock in the dam, at Farish's fish trap. Some clearing out and blasting will be required, the cost of which is embracing in the

per part of this pond.

71 miles long and not less than 3 feet depth, to lower the boats into the pool below, which | Maryland coals in any of the Atlantic seaextending to Claig's mill dam, a short distance below the mouth of Rocky River. The 1st dam in the falls will be placed up-

be placed in this dam of 8 feet lift.

below of sufficient depth, and 600 yards long, which brings us to the 2nd dam. This dam will also rest upon a rocky ledge, it will be 104 feet. feet high in the main river, but as it will cross

pool formed by a dam 1300 yards below, built und 750 feet long. A lock in it will carry is ted over this short portage Rail Road, and apon the site of Pullen's dam, it will be 8 feet through a pool of 1 1-2 miles in length to the launched upon Deep River for the seaport of high and 446 feet long to the island, including next dam, to be raised upon the ledge at the State. the abutments. There also will be required Hodges' timber landing, which will be 6 feet It appears to me there can be no doubt as 170 feet of damming to connect two other high and 600 feet long-through a lock in this to the profits of this improvement. That it

islands with the first. From Pullens dam, it is intended to take out a canal through the level bottom in which his mill race is dug. It will be 1026 depth over the shoals to Averysboro', and on Seaport would have a more extended commuyards long, of easy excavation and will re- to Doctor's shoals immediately below Smith's nication with the interior than Wilmington pool, and two lift locks of 10½ feet each, to drop the boats into the river, somewhere feet high and 350 feet long; it will not only for some 150 miles above the "narrows" thus

depth excepting at two points, one at Dr. Falls' the distance is five miles, which will mong the Commercial States of the Atlantic Smith's sein haul, the other at Hawkin's be the length of the pool. Upon these Falls Seaboard, to which she has a legitimate

with Deep River, is the tewn of Haywood, Fayetville, 15 miles. Some outlay will be re- of Wilmington, they would be shipped finely situate I upon an elevated second bottom, which is destined to become a place of considerable trade when this improvement A. S. Mc Neil and F. J. Hill, composing the in the Counties of Chatham, Randolph and neighboring Counties, and will be the point where all the surplus production of these Counties will concentrate, to be borne upon

and Wilmington. At Buckhorn, the river falls 16 feet in 11 niles, where it becomes necessary for the way for us, andwe find a natural canal or sloo, which leaves the river just above the falls and running round the north side for 114 miles, again enters the river. This sloo has at this time a depth of from 12 to 18 inches in t, and is 60 to 70 feet wide.

It is proposed to erect a dam across the river at the head of the falls 5 feet high, and 720 feet long which will afford ample depth in in the sloo and back the water over the shoals so as to give at all times not less than 3 feet water upon them. The sloo will be followed I mile at which point there will be a dam and 180 feet long, and in continuation of the same dam to the bank below the old canal. a dam of 198 feet long and 6 feet high. also 430 feet of damming 5 1-2 feet high to con- to the entire height of the Lock walls. nect some islands above.

boats will pass into the old canal which must be widened and cleared out for that ed to lower them into the river.

There are the remains of several dams. There are the remains of several stands two sets of locks, some half a mile apart and the old canal alluded to; showing the efforts the old canal alluded to; showing the efforts to the old canal alluded to; showing the efforts to the solution and 2 feet draft—and the old canal alluded to; showing the efforts to the solution assurance that the tariff of the solution assurance that the solution assurance that the tariff of the solution assurance that the solution assurance that the tariff of the solution assurance that the solution assurance that the solution assurance that the tariff of the solution assurance that the solutio made in former years to improve the river. 30 to 40 tons burthen. The general outline upon which these improvements were last projected was in the main current, but the details were so wretchedly carried out as to render worse than useless canal was in the first place cut 1 mile in length from Buckhorn sloo, and locks creeted The depth provided for in this estimate is to lower the boats into Parker's Creek, which in no case less than 3 feet, and no doubt a to re-enact the tariff of 1842!" For saying the very same things, now proclaimed by a When its placed waters in the sunset gleam. iver, about one-fouth of a mile. This pool will be formed by a dam 8 feet high, and 750 the easy and cheap mode of conveyance to game with you for fifty cents.' long, to be raised upon the ledge of rock at market which this navigation would afford.that place, Here it is proposed to take out a Upon Deep River, 12 miles above its conflushort canal for 440 yards on the north side, ence with the Haw river, we first come upon ged? through a level bottom of easy excavation, the bituminous Coal deposit, which extends and by a lock drop into the river below.

The next pool will be 8 miles long and will above, and forms one vast coal basin. as is extend one mile below McAllister ferry, clearly indicated by the openings which have where a dam will be built 8 feet high, and been made upon the lands of Thomas Farish, on George's Creek, on the branches of A lock in this dam will pass a boat into the Buffalo Creek, on the opposite side of the next pool below, which will carry it four miles river, upon the lands of John Horton, where to the next dam, which is to be placed upon | the boring has been continued for some 20 the first ledge in Smiley's Falls. As these feet without finding the thickness of the bed,

extend for about five miles over a succession and is identical with the far famed bituminof them, leaving invariably between them, transport which to her sea coast, there has A dam must be raised over the sloo as far still pools of water, varying in depth from down as we use it, and in this dam a lock will three to seven feet, and in length from 2 to 600 Chesapeake and Ohio Canal. \$9.502,345, be-

Now gentlemen, this immense outlay has when it is considered, as will be seen by the any freshes that may arise, as is abundantly been expended to construct a line of canal estimate, at what an inconsiderable cost the shown by the imperfectly constructed fish 185-4-10 miles long, less than the distance to upper portion of the river can be rendered dams upon them, which have withstood all the Deep River mineral region by 14 miles, navigable, it will we understood that we can the freshets in the Cape Fear until the actu- and when we take into consideration the tarafford to expend an amount sufficient to over- al decay of the timbers in them and yet the lift of tolls necessary to pay the interest upon come the difficulties at these falls, and yet stones remain upon the foundation as they this large sum and compare it with that ne leave the average cost of improving Deep were originally placed.

The dam at this first ledge will be eight expenditures necessary to accomplish this imcessary to meet the interest upon the small River quite low.

A Lock will be placed in this dam of 9 feet lift, from which a boat will float into a pool which a lock will be placed of the same lift noon day, that you can compete with the

will extend for 1 1-4 miles and of sufficient ports? Hematite Iron ore, is also found upon the The site for this dam is remarkable—the banks of the Deep River, soap stone, and al-

long, including the abutments. A lock will ter, except at three openings where the river I must carry you along with me, either by has worn a channel through it. Upon this water navigation, or if that is impracticable, it, a dam will be raised of 1014 feet high viding the Deep and Yadkin Rivers, where its total length from bank to bank being 500 we reach an immense and populous valley, rich in every variety of agricultural wealth.

In this dam a lock will be placed of 10 1-2 —which would be collected and transported two islands, its average height will be much less. It will be 800 feet long.

| Solution less. It will be 800 feet long.

A lock will be placed in this dam of 10½ feet lift, from which a boat will pass into a feet lift, from which a boat will pass into a rock. This dam will be 6 feet 4 inches high they would, with their freight, be transpor-

dam the boats float into a pool of water five would render the stock of the lower Cape

where the laws of trade might direct.

Respectfully submitted. WM. BEVERHANT THOMPSON Civil Engineer. Raleigh, Dec. 22d 1848.

I have carefully examined the notes and calculations upon which the above esti-mate of the cost of the improvement of the timate is based, is what is termed a crib dam.

Cape Fear and Deep Rivers was made, As does the dimness of my waning light.

It is formed by longitudinal timbers, well secured to the rock, connected by cross ties, with good management under the direction with the down stream end of the ties kept at of a competent Engineer, for the accomtions contained in the above report.

WALTER GWYNN. Raleigh, Dec. 22d, 1848.

THE TARIFF OF 1842.

The Philadelphia Pennsylvanian says: from Washington a few days ago as follows:

"There are no men here, of any party, who wish to re-enact the tariff of 1842. There are the south and west and, as a whole, is unpopu- To thy Mother's own sweet cottage Home;

Here is a pretty confession for Col. Schou-These Lock walls will rest upon timbers | ler, the editor of the Boston Atlas, and a very what they said, but deliberately sought to de-The Locks will be 100 feet long in the ceive the people. It is to say to the thou-I learn from Capt. Dibbel, that his steam they have been deceived by the whig leaders hoat plying upon the Neuse River is 100 feet It is to rebuke bitterly and pointedly those long by 17 feet wide, from the bow to the champions of protection who have regarded

1842! The tariff of 1842 "unpopular!"— Untouched by sorrow, untaught by art: The depth provided for in this estimate is "There are no men at Washington who wish the depth provided for in this estimate is "There are no men at Washington who wish Whose affections are pure as the limpid stream, protection-whig, democrate have been denounced as free traders, and Mr. Walker an. dams are considered all that is necessary at athematized as a leveller and a destroyer!-After this, we shall not be at all astonished if Sweeter by far than the nightingale's song, the result of Dr Eckert's late motion in the House in favor of the tariff of 1842, is a bill more utterly free trade than any that has been dreamed of. At all events, the manufacturers now see that they must do with a good O—sad am I, that thou art not here; deal less than the tariff of 1842."

That to me, "husbed is they late strong

GEN. TAYLOR'S AGE.—The New Orleans Picayune says that he has it from Gen. Taylor himself that he (Gen. T.) is 64 years of age. So that matter is settled.

The Richmond Enquirer states that the resolutions reported to the Virginia Legislature, That upward and onward, ever right, by Mr Floyd, from the select committee on Like the eagle in his airy flight; the subject of the Wilmot Proviso, were unanimously approved by the committee, consisting of Whigs and Democrats.

Tribune says, will be a candidate for the seat in the U. S. Senate, at present occupied by Mr. Atchison.

A Gambling Anecdote. - A correspon-

The best genuine 'Yankee trick,' I ev er saw occurred at the Londonderry (N. Then not lightly I value Virginia's smiles. H.) Fair. A Yankee was strolling about one of them came up and asked him to With a quiet look, and a tranquil brow; will render the navigation of the Cape Fear within 33 miles of the rich and fertile valley didn't know much about a game, and that As beaming now as ever the while,

· Well,' said the gambler, 'l'd like to And blends its beauty with the mar with me for?"

" " ell.' said our friend. 'I'll play Down they sat, the gambler put down

'No,' said he, 'I've got a very good hand-I don't beg!' · Well,' replied the other, ' put your money down.'

What money?' asked Jonathan. Why, your fifty cents!' Are less pure on their tiny stem, I ween, 'I didn't say I'd put down fifty cents You asked me what I'd play with you for.

you till night for fifty cents a game!' The gambler snatched up the cards and money and bolted, amid the laughter of the While in thy heart, sweets distill, whole room, completely sold.
